

EDGARSSON SECURITY DESIGNS

# GUARDZONE

*Fast Portable Security*

INTRUDER ALERTS TRANSMITTED DIRECT TO A SECURITY GUARD'S HAND-HELD RADIO, PAGER OR PHONE.

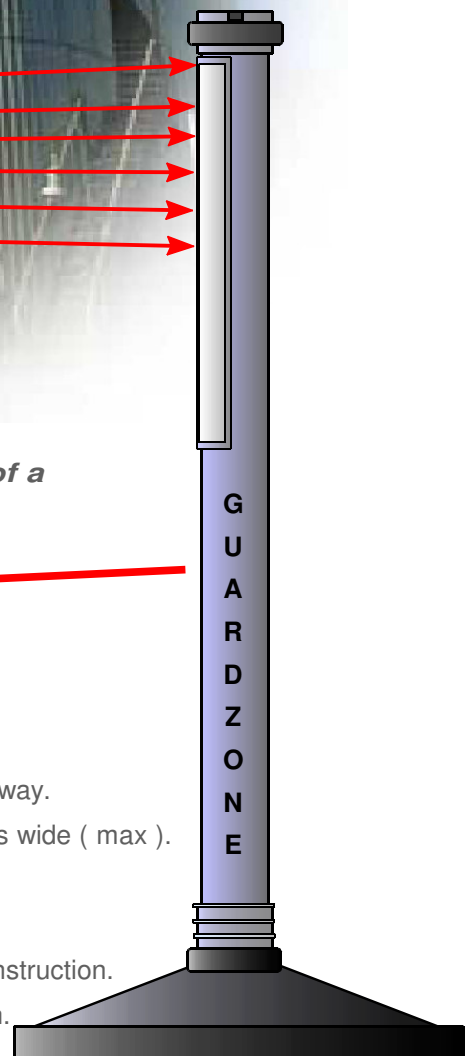

*Many situations arise where need for the rapid deployment of a security screen exists to protect people, buildings, aircraft, almost anything that requires both instant and secure protection.*

- Long range passive infrared detection zone.
- Detects intruder's body heat up to 75 metres away.
- Detection zone 1.6 metres high and 5 metres wide ( max ).
- Tilt / Tamper detection.
- Easy to deploy and operate.
- Rugged, reliable and weather-proofed construction.
- Rechargeable battery - 4 weeks operation.
- Low battery warning message.
- Radio range to 3 Km.
- User programable stored speech messages.
- **NEW** - Sends message direct to phones via GSM network.

"Guardzone 6 Alarm"
